

We are pleased to provide the enclosed information to help you with your efforts to comply with import and/or export regulations.

Importers and exporters are ultimately responsible for compliance with all applicable import and export regulations. The information provided is for informational purposes, to be used at your discretion, and does not constitute advice by TE Connectivity as to any particular situation.

Import and export regulations, and the classification of products under those regulations, vary by country and should be analyzed closely by the importer and exporter. For example, United States export control regulations include the International Traffic in Arms Regulations ("ITAR", 22 C.F.R. parts 120-130) administered by the Department of State, Directorate of Defense Trade Controls (www.pmdtc.state.gov); Export Administration Regulations ("EAR", 15 C.F.R. Parts 730-774) administered by the Department of Commerce, Bureau of Industry and Security (www.bis.doc.gov); and Foreign Asset Control Regulations (30 C.F.R. Part 500 et. Seq.) administered by the Department of Treasury, Office of Foreign Asset Control (www.treas.gov/offices/enforcement/ofac). U.S. regulations may apply to products, technology, and transactions that are not located in the United States.

The information provided is subject to change without notice and TE Connectivity does not undertake to notify you of any changes. The information may not have been verified by any regulatory agency and may not be valid for all countries. Further, the information is provided on the TE Connectivity part only, changes in usage or installation into other items may make the classification completely invalid. It is your obligation as exporter or importer to verify this information to ensure compliance with the current regulations in the applicable jurisdictions. You are encouraged to seek advice from a competent trade compliance professional if necessary.

TE Connectivity makes no representation or warranty that the information provided is accurate, current, or complete. Therefore, any use of the information is at the user's own risk and TE Connectivity is in no way responsible for any penalties or damages, whether direct, consequential, incidental, or otherwise, suffered by the user as a result of the use of this information

Notes (Classification Codes):-
NOCLASS = Not Contolled
NUJ = Part is currently not under this jurisdiction
If data is not present = Part Not Yet Reviewed (i.e. Classification not yet determined)

Part Number	Part Description	Country Code	ECCN Code	HTS Base 6	HTS Code	POPC Code	POPC Name
