

PCN Number: IBM-082203-AUS2-01

PCN Title : PowerPC 750FX Revision Change **PCN #: IBM-082203-AUS2-01**
Submission to Customer Date : 2003-10-03

Technology / Product Family Affected	CSO19SG
Package Type	21x21mm 292 CBGA
Manufacturing Location	Bromont,Burlington
Part Numbers Affected (This notice covers parts shipped in the past two years)	70P2814, 70P1332, 70P1333, 70P4579, 70P1334, 70P4580, 70P1335, IBM2557P6481, IBM25PPC750FX-CB0323T, IBM25PPC750FX-CB0423T, IBM25PPC750FX-CB0513T, IBM25PPC750FX-FB0532T, IBM25PPC750FX-FB1032T, IBM25PPC750FX-FB0112T, IBM25PPC750FX-FB0512T, IBM25PPC750FX-FB1012T, IBM25PPC750FX-FB2512T, IBM25PPC750FX-FB0113T, IBM25PPC750FX-FB0513T, IBM25PPC750FX-FB0533T, IBM25PPC750FX-FB1013T, IBM25PPC750FX-FB1033T, IBM25PPC750FX-FB2513T, 57P6481, 70P0067, 70P0150, 70P0151, 70P4581, 70P4578, 70P2811, 70P2812, 70P2813
Description of Change	IBM is pleased to announce that 750FX DD2.3 is now TUC-A qualified, and will be the final volume production revision for this product. All previous revisions will be discontinued.
Reason for the change	With the introduction of the DD2.3 revision, IBM plans to eliminate old part numbers that are no longer being manufactured in the fab. The older revisions will be offered for a lifetime buy, limited to the available inventory.
Last Order Date of Current Product	03/30/2004
Estimated Last Ship Date of Current Product	06/30/2004
Is this an End of Life Notice ?	Yes
Will the Advance Ship Notice be affected by this PCN ?	No
Qualification Required ?	No
Differentiating Old vs. New Part	DD1.1 is marked as -BB, DD1.2 as -CB, DD2.2 as -FB, and DD2.3 as -GB in the OEM part number.
Method used to control assets effected by PCN	SAP Control
Proposal Summary	IBM is pleased to announce that PowerPC 750FX DD2.3 is now TUC-A qualified for general availability and volume production. Subsequent to this qualification, the previous revisions will be discontinued. This is the official notification of the last
Benefits	DD2.3 is a pin-compatible revision, and will be supported for the PowerPC 750FX product lifetime.
Risks	Voltage and power dissipation specification changes must be reviewed and incorporated by the customers. Please refer to the published Datasheet.
Supply Impact	Green
Operation affected	None
Is a document change required?	No
Is an EC Change Required ?	No
